## THERE COMES A TIME. There comes a time when we grow old,

And like a sunset down the sea Slope gradual, and the night wind cold Comes whispering sad and chilling; And locks are gray As winter's day, And eyes of saddest blue behold The leaves all weary drift away. And lips of faded coral say,

There comes a time when we grow old. There comes a time when lovous hearts. Which leaped as leap the laughing main Are dead to all save memory, As prisoner in his dungeon chain; And down of day

Hath passed away. The moon hath into darkness rolled. And by the embers wan and gray, I hear a voice in whisper say, There comes a time when we grow old. There comes a time when manhood's prime

Is shrouded in the midst of years. And beauty, fading like a dress Hath passed away in silent tears; And then how dark! But oh! the spark That kindled youth to bues of gold, Still burns with clear and steady rap. And fend affections lingering, say, There comes a time when we grow gray.

There comes a time when laughing Spring And golden Summer cease to be, And we put on the Autumn robe, To tread the last declivity ; But now the slope, With rosy Hope, Beyond the sunset we behold-Another dawn, with fairer light, While watchers whisper through the night. There comes a time when we grow old.

THE DRAFT-IMPORTANT OFFICIAL

The following important decisions are officially published: SUBSTITUTES.

War Department, Provost Marshal Gen'ls Office, Washington, July 23, 1863.

Circular No. 56 .- Provost Marshals done; if not, then as soon after as possible. Where there are no military guards available, Provost Marshals especially should be sent promptly to the rendezvous, and the Boards should only accept them as they are prepared thus to dispose of them.

Boards of Enrollment should conduct the draft for sub-districts, and the notification of persons drafted, in such manner that the drafted men will be required to report for examination in squads of manageable size, and at successive convenient periods, and not all the same day.

JAMES B. FRY. Provost Marshal General. War Department,

Provost Marshal Gen'ls Office Washington, Aug. 1, 63 ) Circular No. 57. — The following "opinion," in relation to that part of section 2 of the Enrollment Act, which says: " where there are two or more sons of aged or infirm parents subject to draft, the father, or if he be dead, the mother may elect which son shall be exempt," is published, and will here-

after govern:
"The only son of aged or infirm parents dependent," &c., is absolutely exempt; but where there are two sons, both are subject to draft until an election is made by the parent, and the name of the one elected should be removed from the list. After the draft is made the persons drafted are no longer "subject to draft," but to duty, and a parent cannot secure the practical exemption of two sons from military duty by waiting till one is drafted and then electing to exempt him.
